

MYSTY is a tri-color LED downlight. The unique design is we set CCT switch at its side. Easier to change CCT than traditional way. Aluminum housing provides not only IP65 with whole fixture but also good heat dispassion. Which makes it suitable for many occasions. Also provide 30° tited angle to meet more angle requirements.

Like a built-in filter, the gloss is bright and full Restore true colors

CRI ≥ 90

Side switch makes it more easier to change CCT

◆ Tri-color switchable 2700K/3000K/4000K

- ◆ Dim to Warm Also available at 2000K~3000K ◆ IP65 with whole fixture, Not only fascial
- ◆ Tool-free installation, safer than traditonal way
- Suitable for covering with insulation material directly Optional finished color: White/Black/Brushed
- ◆ Fire-rated version also available (Iron Housing)
